

Proven Solution for Fresh Cut Fruit

Tosca's handheld crates for fresh cut fruit are designed to increase supply chain efficiency at every turn by reducing shrink, improving usability, and increasing sustainability impacts. Their durable design protects delicate fruit better when compared to single-use packaging and enables retailers to present higher quality products to customers.

Durable

Increased structural integrity protects products better and reduces waste.

Labor Efficient

Create more efficient loading and unloading for workers with ergonomic handles and one-motion set up.

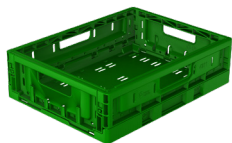

Sustainable

Reusable containers reduce packaging waste and eliminate disposal needs.
