

Tosca Combo 285 BD-DD

The smarter choice for liquid transport

The **Combo 285 BD-DD** is a food grade virgin PP square-shaped foldable 1000-litre container which is the ideal container for low and high viscosity liquid products in industries such as food processing, cosmetics and pharmaceuticals. Liquid products are kept safe with a sealable lid and its aluminum reinforced side panels are designed to hold liquid.

The container features a drop door and three runners for easy handling and a bottom discharge for minimizing residual product. Additionally, the container's high folding ratio saves space in storage and in transit, resulting in reduced costs and a smaller carbon footprint. Talk to sales about the tools we have available for filling, sealing and emptying.

Design & Features

Guarantee food safety for liquid products

Our 1000-liter foldable container, made from food-grade virgin PP, is ideal for both low- and high-viscosity liquid products.

Increase efficiency with easy handling

Designed for safe and easy handling while folding and unfolding.

Meet PPWR and EPR regulations with reusable containers

Sustainable, reusable, 100% recyclable at end of life and PPWR compliant.

Reduce product waste and associated costs

Bottom discharge is specifically designed to reduce residual product.

Specifications

Characteristics	
Colour	Grey/Black
Runners	3
Lid	Included
Drop door	No
Bottom discharge	Yes
Material	PP
Foodgrade	Yes
ISPM-15 proof	Yes
Temperature range	-20°C/+40°C

Dimensions	
External	1155 x 1155 x 1132 mm
Internal	1065 x 1045 x 940 mm
Folded	1155 x 1155 x 467 mm
Weight	88 Kg
Volume	1060 l

Loading quantities	
Units per trailer	110 units
Stack	5 units

Load capacity	
Max static load	7.442 kg
Max dynamic load	2.977 kg
Max in rack load	1.400 kg
