

Tosca Superior Hybrid

The smarter choice for liquid transport

The **Superior Hybrid** is a food-grade foldable 1000-litre container ideal for low- and high-viscosity liquid products. It features 5 different sealable exit and entry points, and once the container is sealed, the product inside is impossible to access.

The container includes a drop door, three runners for easy handling, and a bottom discharge to minimise product residue. Its high folding ratio saves space during storage and transport—cutting costs and lowering carbon footprint.

Design & Features

Guarantee food safety for liquid products

Our food-grade virgin PP rectangular foldable 1000 litre container is perfectly suited for a wide range of liquid products.

Handle containers easily and safely

The container features a drop door and three runners for easy handling.

Reduce product waste and associated costs

Bottom discharge is specifically designed to reduce residual product.

Meet PPWR and EPR goals with reusable containers

100% recyclable at end of life and PPWR-compliant.

Achieve supply chain visibility with smart traceability

Track assets, reduce waste, and improve inventory control. Equipped with RFID label.

Specifications

Characteristics

Colour	Blue/Green
Runners	3
Lid	Included
Drop door	Yes
Bottom discharge	Yes
Material	PP
Foodgrade	Yes
ISPM-15 proof	Yes
Temperature range	-20°C/+40°C

Dimensions

External	1219 x 1018 x 1147 mm
Internal	1134 x 934 x 943 mm
Folded	1219 x 1018 x 354 mm
Weight	105 Kg
Volume	1000 l

Loading quantities

Units per trailer	182 units
Stack	7 units

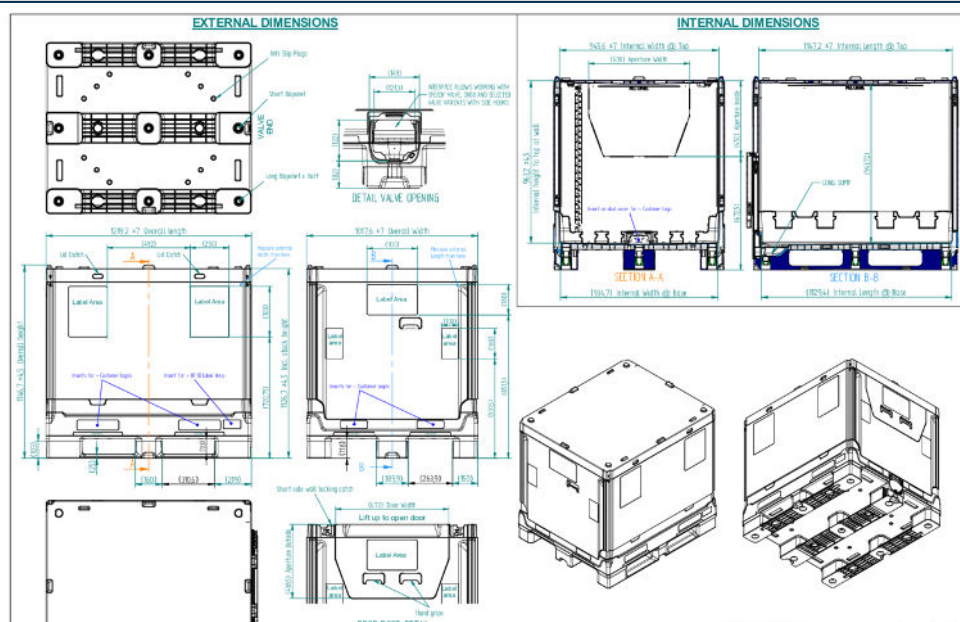

Load capacity

Max static load	8.000 kg
Max dynamic load	3.000 kg
Max in rack load *	1.250 kg

*with evenly spread loads
