

DIC 1210 Industrial Size Food Grade Pallet

Tosca's green heavy-duty industrial-size pallet features anti-slip grommets and rims. This pallet is best used to carry heavy loads and big bags in semi-hygienic applications for a multitude of industries. Its five runners enable it to be used two ways in rack and two ways on a conveyor belt. Rims and anti-slip grommets on the upper deck allow users to safely stack empty pallets or safely secure loads.

Hygienic

Plastic pallets are non-porous and resistant to moisture, insects, fungi, acids, fats, solvents and odor. Our pallets are inspected after every turn to make sure they meet our quality standards.

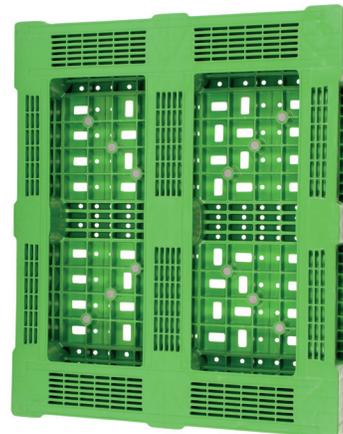

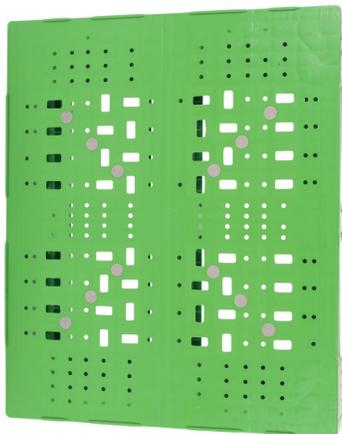

Sustainable

Ultra-durable pallets can be reused for years and outlast wood alternatives. At the end of their lifecycle, they get recycled and remanufactured into new pallets.

Built for Automation

Because plastic pallets are molded, the sizes and weight are always consistent, causing zero disturbances in your automated material handling systems.

Features and specifications

Characteristics

Colour	Green/Blue
Runners	5
Rims	Yes - 7 mm
Anti-slip	Yes
Metal re-inforced	No
Material	PP
Foodgrade	Yes
ISPM-15 proof	Yes
Temperature range	-20°C/+50°C

Dimensions

External	1200 x 1000 x 165 mm
Weight	26 kg

Loading capacity

Max static load	6.000 kg
Max dynamic load	3.000 kg
Max in rack load	1.500 kg

Loading quantities

Units per trailer	390 units
Stack	15 units
