

Introducing Tosca's New RPC for Rotisserie Chickens

The industry's first Reusable Plastic Container (RPC) custom built for rotisserie chickens and specifically designed to handle the realities of shipping. No one understands the rigors of the supply chain like Tosca, and we've put our years of experience into developing a far superior alternative to conventional corrugated boxes.

Superior Design

Engineered for durability, RPCs bear the weight — not the product inside

Fluid retention channel in the bottom of the container traps leaked liquid — no more soiled boxes

Interlocking stacking capabilities on the bottom of the RPC create greater pallet load stability during transport

Smarter Savings

Save money. A more durable container that reduces damage and packaging expenses

Save labor. The strength of the container reduces box failures, resulting in less mess to clean up

Save our planet. Reusable containers reduce packaging waste and eliminate disposal needs

We're **passionate** about perishables.

Tosca's reusable plastic containers (RPCs) are a supply chain game changer. From transport and tracking to diagnostics and delivery, everything we do is about making your supply chain experience easier and more efficient—end to end, side by side.

RPC 6419

Product dimensions

Height external	7.87	in
Height internal	7.28	in
Length external	24.01	in
Length internal	22.83	in
Folded stack height	1.516	in
Weight	4.0	lbs

Palletize 5 per layer on a standard GMA pallet (48x40)

Pallet unit quantity – 165

RPC 6425

Product dimensions

Height external	10.34	in
Height internal	9.75	in
Length external	24.01	in
Length internal	22.83	in
Folded stack height	2.244	in
Weight	5.1	lbs

Palletize 5 per layer on a standard GMA pallet (48x40)

Pallet unit quantity – 110

Stack Heights

RPC Size	Stack Height	5 High	6 High	7 High	8 High	9 High	10 High	11 High
6419	7.87 in	44.57	52.25	59.93	67.60	75.28	82.96	90.64
6425	10.34 in	56.91	67.06	77.20	87.34	-	-	-
