

Deliver safe. Display smart.

The Tosca Egg RPC is specially designed to transport and display eggs from farm to shelf. Enjoy peace of mind knowing your fragile cargo is protected by packaging far stronger than corrugated alternatives. Reducing shrink by up to 50%, our retail ready egg containers can go direct to shelf without the cumbersome time spent hand stocking egg cartons.

Durable

RPCs bear the weight of the stack above. A stronger container equals less damage and food waste.

Labor Efficient

Retail-ready packaging can be stocked faster than corrugated packaging and displays beautifully with our drop down display wall.

Sustainable

Reusable containers reduce packaging waste and eliminate disposal needs.

Features and specifications

Ergonomic Handles
Easier to move

Enhanced Ventilation
RPCs cool eggs six times faster than corrugated.

Innovative Retail-ready Display
Offers easy access to product and attractive display

Innovative Drop Down Display Wall
Simplifies replenishment and saves restocking time.
