

PPP5 1210 Industrial

Size Food Grade Pallet

The ideal industrial size pallet for semi-hygienic applications, our PPP5 is a food grade virgin PP pallet and is best used in industries that do not require heavy-duty pallets with high racking capabilities. This easy-to-handle pallet features five runners and an upper deck with a smooth surface. Its five runners allow the pallet to be used 2-ways in rack and 2 ways on a conveyor belt. A smooth surface and anti-slip grommets on the upper deck increase efficiency.

Hygienic

Plastic pallets are non-porous and resistant to moisture, insects, fungi, acids, fats, solvents and odor. Our pallets are inspected after every turn to make sure they meet our quality standards.

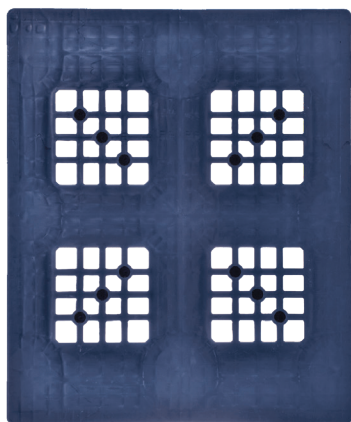

Sustainable

Ultra-durable pallets can be reused for years and outlast wood alternatives. At the end of their lifecycle, they get recycled and remanufactured into new pallets.

Built for Automation

Because plastic pallets are molded, the sizes and weight are always consistent, causing zero disturbances in your automated material handling systems.

Features and specifications

Characteristics

Colour	Blue
Runners	5
Rims	No
Anti-slip	Yes
Metal re-inforced	No
Material	PP
Foodgrade	Yes
ISPM-15 proof	Yes
Temperature range	-20°C/+50°C

Dimensions

External	1200 x 1000 x 160 mm
Weight	20 kg

Loading capacity

Max static load	5.000 kg
Max dynamic load	2.500 kg
Max in rack load	1.250 kg

Loading quantities

Units per trailer	390 units
Stack	15 units
